Monday	08:45 - 17:30
Tuesday	08:45 - 20:00
Wednesday	08:45 - 20:00
Thursday	08:45 - 17:30
Friday	08:45 - 17:00
Saturday	08.45 - 17.00 (one per month)

## **KEY DATES AND EVENTS**

**SMILE DESIGN OPEN DAY  
30<sup>TH</sup> JUNE**

This young lady came to us feeling very self-conscious about the appearance of her teeth. She was also having problems biting. Following a course of orthodontic treatment

using discreet, clear ceramic braces, she is over the moon with the result. She can bite and chew with ease and she

was able to smile with confidence at her wedding in May this year.

## Introducing David

David Bullamore joined our wonderful team at York Place Dental this year and we'd like to introduce him to you.

Originally from Keswick, David moved to Carlisle and then on to Sheffield to study Dentistry. He qualified in 2010 and returned to Cumbria.

Married with two children, David's interests include playing electric and acoustic guitar, woodwork and films, especially anything from the Marvel universe! He teaches martial arts and has a purple belt in Brazilian Jiu-Jitsu. David's professional interests are in complex and cosmetic dentistry, with a particular interest in root canal treatments. He is currently working towards a Master's Degree in Endodontics.

You'll see him at York Place Dental on a Tuesday, we welcome you to come and meet him.

## Patient Comments

*Excellent from the very first meeting, through to the final appointment. All of the staff have been welcoming, friendly, helpful and professional. I have absolute trust and confidence in Richard due to his professionalism and expertise. Very happy with the overall experience.*

*I absolutely love coming to the dentist. I was always afraid when I was younger but the team at York Place make you feel so welcome, it's such a happy place! I will definitely be bringing my children here as I want them to enjoy the dentist and not be scared. Every visit is thorough and I know my teeth are getting 5\* treatment.*

## Summer Newsletter

### Clear Ceramic Braces

Our Clear Braces are our most popular braces. They are highly aesthetic and are gently fixed on to the front surfaces of your teeth using a harmless bonding agent. We only use the highest quality clear, ceramic brackets and tooth coloured wires, to offer a more discreet appearance.

Unlike others, we don't use cheaper plastic brackets because they wear out and break frequently compromising the end result.

To find out whether Clear Ceramic Braces would be the best option for you, why not come and meet our friendly team for a free consultation.

### Ask about our Young Persons Membership Plans

We are passionate about preventative care for life! We want your child to grow up with the healthiest teeth and the most confident smile. With the right care and support, fillings and infections of the gums should be a thing of the past. We offer membership plans for all ages, from birth to 21 years starting from £2.50 per month.

Some of the benefits include;

- Same day emergency appointments
- At least one examination a year
- Frequent appointments with our Oral Health Educator
- Fissure sealants and protective fluoride applications
- X-rays and clinical photographs included
- Free painkillers and antibiotics when needed
- A 50% reduction on the cost treatment
- Access to a dentist led out of hours emergency service
- Worldwide dental injury and emergency assistance
- A free healthy mouth pack
- Hygienist appointments once a year

Plus many other benefits. Contact the practice or make your free appointment to find out more.
